

MnGeo's Year in Review, 2010 Highlights

1. Legislative Engagement

- Stimulus Fund Mapping
- Legislation – ex: geocoding model

2. Outreach

- Duluth – NE GIS User Group (Arbeit)
- Fergus Falls – Pine to Prairie User Group (Arbeit)
- Breezy Point – State Survey Technical Workshop (Arbeit)
- Rochester, Marshall, Mankato – Statewide Orthophoto Collaboration meetings (Cialek)
- Mankato – GLO Field Notes presentation at MSU-Mankato (Hoshal and Claypool)
- Lake of the Woods -- International Lake of the Woods Water Quality Forum (Maeder)

3. Collaborations

- Orthoimagery – DNR, Met Council, MMCD, USGS, NGA, Scott and Dakota counties
- LiDAR – DNR
- ELA – 15 state agencies

4. Hosting

- Orthoimagery Services
- MetroGIS Geocoder
- MetroGIS Service Finder
- Stimulus Funding Mapping

5. Projects

- State City/Township/Unorganized Territory (CTU) Boundaries -- FGDC
- Critical Structures Inventory Program -- USGS
- National Hydro Database development – EPA/USGS
- GLO Field Notes - MHS
- Geospatial Commons
- MetroGIS Best Imagery service

6. Operations

- Expansion and consolidation of computer resources
- Identity enhancements: Web site, booth redesign, promotional materials (ex: bookmarks)

7. Coordination Support

- Consortium Board/Support for Newsletters and E Announcements
- Conference committee and host for NSGIC conference

DISCUSSION

- How well does this portfolio serve Minnesota's GIS community?
- What should receive more/less attention or needs to be added/dropped?
- What needs special attention in the year ahead?
